FOOD & BEVERAGE

WELCOME

We believe that tea is a herb without an equal. First discovered as a natural medicine, a cup of fine tea brewed and served with respect, is imbued with a heritage of nearly 5000 years, and unique natural goodness. For centuries, fine tea has been the stimulus to intellectual thought, fomenting revolutionary ideas, inspiring poets, writers and rulers. Yet, today, the enjoyment of fine tea is a simple indulgence. By fine tea we do not mean ordinary tea, but tea that is made in the traditional, artisanal manner that honours the work of Nature in crafting the subtle sophistication in each tea. Good tea is not simply for drinking as any ordinary beverage, but deserves appreciation, as its fragrance, character, flavour, texture and strength are all formed by specific natural features of climate, environment and soil.

We are a family tea company, established by Dilmah Founder Merrill J. Fernando, the first tea grower to challenge the colonial model and offer tea drinkers around the world, tea that is genuinely ethical, handpicked, traditionally made and packed at source. The mission that the young teamaker committed his life to in the 1950s, was founded on presenting the pleasure in tea, through quality, freshness and purity of origin, and in doing so with integrity. That mission is fulfilled today in Dilmah Tea and the unique philosophy of Dilmah, that business is a matter of human service.

If you enjoy your visit to our t-Lounge, please ask our staff about membership to our The Leaf & Artisan Society. If you would like to share your comments or your tea preference, please email me on dilhan@teainspired.com. Please see how your enjoyment of our teas is reflected in the faces of our workers and the wider community at www.mjffoundation.org & www.dilmahconservation.org.
